SEMAP’S FEATURED PROGRAMS

The Southeastern Massachusetts Agricultural Partnership (SEMAP) is a part of a statewide “Buy Local” marketing campaign that provides marketing and business support to local farmers and works to increase the functionality of our region’s food system. Sustaining farmers and farm businesses is at the core of our mission. Our work includes:

**Agriculture & Food Conference**
Every year in late February, Bristol County Agricultural High School in Dighton, MA is a hub of learning, conversation, and delicious local food. Our conference brings agricultural and food experts from near and far to host 20+ workshops for all ages and interests. Our 13th annual conference will be February 23rd, 2020.

**TIE Grant Program**
SEMAP awards outstanding local farms with small grants ranging from $500 to $3000 to develop, trial, and demonstrate innovative farm technologies that can be beneficial for the region, and we share that knowledge with our community.

**Technical Assistance**
SEMAP offers individualized business assistance to Beginning & Direct Market farmers on topics including social media, food safety, finances, press releases, print design, labor regulations, website development, land access, and more. We also offer a variety of workshops throughout the year, which can be found on our website’s events page.

**State Policy Advocacy**
We advance agricultural interests through advocacy on legislation outlined in the Massachusetts Food Policy Council’s Local Food Action Plan in partnership with the Massachusetts Food System Collaborative and the Massachusetts Coalition for Local Farms & Food.
VOLUNTEER & DONATE
SEMAP relies on the support of donors and volunteers to continue its work. We are a small community organization, and while the funding we receive is crucial, so is the donation of volunteer time and talent, without which we could not continue to preserve and expand access to local food and sustainable farming in southeastern Massachusetts.
Email info@semaponline.org for opportunities.
