SEMAP’S FEATURED PROGRAMS

The Southeastern Massachusetts Agricultural Partnership (SEMAP) is a part of a statewide “Buy Local” marketing campaign that provides marketing and business support to local farmers and works to increase the functionality of our region’s food system. Sustaining farmers and farm businesses is at the core of our mission. Our work includes:

Agriculture & Food Conference
Every year in late February, Bristol County Agricultural High School in Dighton, MA is a hub of learning, conversation, and delicious local food. Our conference brings agricultural and food experts from near and far to host 20+ workshops for all ages and interests. Our 15th annual conference will be February 27th, 2022.

TIE Award
SEMAP awards outstanding local farms with small TIE (Technology, Innovation, and Excellence) awards ranging from $500 to $3000 to develop, trial, and demonstrate innovative farm technologies. Awardees share their projects and knowledge with our community.

State Policy Advocacy
We advance agricultural interests through advocacy on legislation outlined in the Massachusetts Food Policy Council’s Local Food Action Plan in partnership with the Massachusetts Food System Collaborative and the Massachusetts Coalition for Local Food and Farms.

Technical Assistance
SEMAP offers individualized business assistance to Beginning & Direct Market farmers on topics including social media, food safety, finances, press releases, print design, labor regulations, website development, land access, and more. We also offer a variety of workshops throughout the year, which can be found on our website’s Resources for Farmers page.

SEMAP’S ANNUAL EVENTS

Annual Meeting – November 18th, 2021
Winter Networking Meetings – January 2022
Ag & Food Conference – February 27th, 2022

VOLUNTEER & DONATE

SEMAP relies on the support of donors and volunteers to continue its work. We are a small community organization, and while the funding we receive is crucial, so is the donation of volunteer time and talent, without which we could not continue to preserve and expand access to local food and sustainable farming in southeastern Massachusetts.

Many farms offer CSAs, or community-supported agriculture shares. This means you’ll pay a fee up-front at the beginning of the farming season. Then, every week, month, or other regular period of time, you get a share of fruits, vegetables, or anything else the CSA includes. It’s like a subscription!

Most produce CSAs open signups early in the spring or even in winter. The CSA season begins mid to late spring (May/June), and can run through the fall (Oct/Nov). Some farms offer extended seasons, pick-up flexibility, and many different share types and sizes. It’s best to check directly with the farm about these offerings before you sign up.
