SEMAP'S FEATURED PROGRAMS

The Southeastern Massachusetts Agricultural Partnership (SEMAP) is a part of a statewide "Buy Local" collaboration to provide marketing and business support to local farmers and works to increase the functionality of our region's food system. Sustaining farmers and farm businesses is at the core of our mission. Our work includes:

Agriculture & Food Conference

Every year in late February, we bring together agricultural and food experts from near and far to discuss topics of interest for farmers, fishers, foodies, advocates, and more. Over 20 speakers take on subjects ranging from climate change to greenhouse management to labor access to onfarm mental health. Join us on the last Sunday of February to learn, network, and join in on the fun!

TIE Award

SEMAP awards outstanding local farms with small TIE (Technology, Innovation, and Excellence) awards ranging from \$500 to \$3000 to develop, trial, and demonstrate innovative farm technologies. Awardees share their projects and knowledge with our community.

Technical Assistance

SEMAP offers individualized business assistance to Beginning & Direct Market farmers on topics including social media, grant applications, finances, press releases, print design, labor regulations, website development, land access, and more. We also offer a variety of workshops throughout the year, which can be found on our website's Events Calendar.

State Policy Advocacy

We advance agricultural interests through advocacy on legislation outlined in the Massachusetts Food Policy Council's Local Food Action Plan in partnership with the Massachusetts Food System Collaborative and the Massachusetts Coalition for Local Food and Farms.

VOLUNTEER & DONATE

SEMAP relies on the support of donors and volunteers to continue its work. We are a small community organization, and while the funding we receive is crucial, so is the donation of volunteer time and talent, without which we could not continue to preserve and expand access to local food and sustainable farming in southeastern Massachusetts. Email support@semaponline.org for opportunities

Many farms offer CSAs, or community-supported agriculture shares.

This means you'll pay a fee up-front at the beginning of the farming season, then get a weekly, biweekly, or monthly share of fruits, vegetables, flowers, meats, or anything else the CSA includes. It's like a subscription! Most CSAs open signups early in the spring or winter. It's best to check directly with the farm about these offerings.
